Animal Cut & Match: Heads to Bodies - Kids Activity.

It is a hands-on, educational activity designed for young children (ages 3–6). The worksheet features animal bodies without heads on one page, and cut-out animal heads on another. Children cut out each head and match it to the correct body by identifying the matching shape, size, and animal type.

What You Need:

- Printable worksheet (2 pages: animal bodies + cut-out heads)
- Child-safe scissors
- Tape (optional)

What To Do:

1. Print and laminate the worksheet pages.
2. Cut out the animal heads.
3. Match each head to the correct animal body.
4. Match the heads onto the bodies.
