Bee and Ice cream Prompt Words Activity Cut Outs

Bee and Ice Cream Prompt Words Activity Cut Outs are a fun and engaging addition to sensory trays, tuff trays, small-world play, and themed learning invitations. Featuring colourful words, phrases, and themed images, these cutouts encourage children to talk, imagine, describe, and create while they play.

Perfect for bees, spring, summer, ice cream shop, or sensory play themes, the cutouts can be placed around the tray as conversation starters, vocabulary prompts, role-play signs, or decorative learning pieces. Children can use the words to inspire storytelling, build language skills, and extend imaginative play experiences.

These versatile cutouts transform everyday sensory setups into rich learning opportunities while encouraging creativity, communication, and early literacy development.
